PMP certified project manager and ERP implementation consultant with 3+ years of experience delivering end-to-end digital transformation programs across 40+ manufacturing and retail sites in India, Vietnam, and Bangladesh. Proven track record managing cross-functional teams, driving stakeholder alignment from C-suite to end user, and delivering complex ERP and MES deployments on time and within scope using hybrid and agile methodologies. Based in Paris. Open to project management, ERP/PLM consulting, pre-sales, and supply chain transformation roles across Europe and India.

CORE COMPETENCIES

Project Lifecycle Management • ERP & MES Implementation • Agile / Hybrid Methodology • Stakeholder Management
Change Management & User Adoption • Risk & Issue Management • UAT Coordination & Go-Live Management
Pre-Sales & Solution Consulting • KPI Governance & Reporting • Process Mapping (As-Is / To-Be)
Supply Chain & Manufacturing Domain • Power BI • Salesforce CRM • Microsoft Excel

PROFESSIONAL EXPERIENCE

Solution Consultant — ERP & MES Implementation | Solvei8 Sep 2021 – Oct 2024

India | Vietnam | Bangladesh | On-site

- Led 5 parallel digital transformation programs across 40+ manufacturing and retail sites for 22+ clients, covering 700+ production lines and 2,500+ end users. Managed full project lifecycle from discovery and scoping through UAT, go-live, and post-implementation review using hybrid project management methodology.
- Developed and maintained project plans, risk registers, and milestone trackers; achieved 100% launch readiness across all deployments with zero failed activations.
- Drove end-to-end process digitization achieving 100% digital coverage, reducing manual reporting by 75–85% through automated real-time production visibility systems.
- Delivered garment traceability rates of 97–100% across all client sites, significantly improving audit readiness and supply chain transparency.
- Managed stakeholder engagement from C-suite and factory directors through to production supervisors and end users; led steering committee meetings, sprint reviews, and executive status reporting across geographies and time zones.
- Achieved 3–5% reduction in DHU (Defects per Hundred Units) through data-driven quality monitoring and root cause analysis facilitated across cross-functional workshops.
- Supported pre-sales activities including client discovery sessions, requirements gathering, solution scoping, effort estimation, and implementation proposals.

Sales Operations Intern | ClearTax India Apr 2021 – Jul 2021

India | Remote

- Administered Salesforce CRM to manage and segment client data across active accounts and prospect pipelines; generated qualified leads based on revenue profiling criteria.
